

### **Group Guidelines & Regulations**

1. Upon arrival, please keep all group members outside until the Group Leader has signed in with a museum store staff member.
2. If your group members are under 18, adult chaperones agree to supervise and attend to the group assigned to them. Chaperones are expected to keep their groups from wandering about. The group is also expected to conduct themselves in a **quiet, orderly, and respectful** manner.
3. Large groups must break into sub-groups consisting of 6 to 10. If the group members are under 18, each must have one adult chaperone. Sub-groups may enter separately when advised by to do so by our museum store staff. Please understand that other guests will be purchasing admission while your group is arriving and filtering through our lobby.
4. **Touching vehicles, crossing barriers, playing with the chains or stanchions is NOT permitted any time.** We understand enthusiasm and interest in our collection; however, for safety reasons, we ask that you remind all group members to be conscious of their hands by keeping them off the displays and chains. Unruly or discourteous group members may be asked to leave the facility and wait outside for the rest of the group.
5. Our museum store staff welcomes those group members who intend to purchase merchandise. We strongly urge you to advise your group, prior to entering and while leaving the museum, to look and only touch if they intend to buy a particular item.
6. **No Food or Drinks allowed. Horseplay, yelling, and running are not considered acceptable in our museum.**

As the designated representative I have read the above Guidelines & Regulations and have shared this with our adult chaperones (if applicable). We agree to adhere to the above mentioned regulations during our visit to the San Diego Automotive Museum.
